## IMPORTED INDUSTRIAL CHEMICALS PRODUCT LIST 2025-2026

| Product Name                                         | Make                                                           |
|------------------------------------------------------|----------------------------------------------------------------|
| 1 2 3 BENZOTRIAZOLE GRANULAR                         |                                                                |
| 1 2 3 BENZOTRIAZOLE NEEDLE                           |                                                                |
| 1 2 3 TRIACETOXY PROPANE                             |                                                                |
| 1 2 4 TRIAZOLE 99 MIN                                |                                                                |
| 1 2 DIMETHOXY ETHANE 99 5 PCNT MIN (MONOGLYME)       |                                                                |
| 1 2 PROPYLENE GLYCOL                                 |                                                                |
| 1 3 Butanediol                                       |                                                                |
| 1 4 DICHLOROBUTANE                                   |                                                                |
| 1 6 DIHYDROXYNAPHTHALENE                             |                                                                |
| 1 Bromo 3 Chloropropane                              |                                                                |
| 1 HEXANOL                                            |                                                                |
| 1 Hydroxy Ethylene 1 1 Diphosphonic Acid (HEDP 60)   |                                                                |
| 1 Hydroxycyclohexyl phenyl ketone                    |                                                                |
| 1 NAPHTHOL                                           | China                                                          |
| 1 OCTANOL                                            |                                                                |
| 1 PENTANOL N PENTANOL 99 MIN                         |                                                                |
| 1, 4 BUTANEDIOL                                      | Taiwan(Dairen / Nan Ya)                                        |
| 1, 4 DIOXANE                                         | China                                                          |
| 1,2,3 BENZOTRIAZOLE                                  | China                                                          |
| 1,6-HEXANEDIOL                                       | China / BASF                                                   |
| 1,6-HEXANEDIOL DIACRYLATE                            | China                                                          |
| 12 HYDROXYSTEARIC ACID FLAKES                        |                                                                |
| 1H 1 2 4 TRIAZOLE 99 MIN                             |                                                                |
| 2 - ETHYL HEXANOL                                    | Andhra Petro / imported                                        |
| 2 - ETHYLHEXANOIC ACID                               | Sweden (Perstop) / Germany / Japan / BASF                      |
| 2 2 2 TRIFLUOROETHANOL                               |                                                                |
| 2 2 4 TRIMETHYL 1 3 PENTANEDIOL ISOBUTYRATE C 12     |                                                                |
| 2 2 4 TRIMETHYLPENTANE                               |                                                                |
| 2 2 DIBROMO 3 NITRILOPROPIONAMIDE (DBNPA) 99         |                                                                |
| 2 4 DICHLOROBENZALDEHYDE                             |                                                                |
| 2 4 DICHLOROBENZYL CHLORIDE                          |                                                                |
| 2 4 DIETHYL 9H THIOXANTHEN 9 ONE                     |                                                                |
| 2 5 DIHYDROXY 1 4 DITHIANE                           |                                                                |
| 2 6 DI TERT BUTYL 4 METHYLPHENOL                     |                                                                |
| 2 ACETYL Y BUTYRO LACTONE                            |                                                                |
| 2 BUTYNE 1 4 DIOL                                    |                                                                |
| 2 CHLORO BENZALDEHYDE                                |                                                                |
| 2- CYANOACETAMIDE                                    | China                                                          |
| 2 DIMETHYLAMINO ETHANOL (DMAE)                       |                                                                |
| 2 ETHYLHEXYL ACRYLATE                                | China / Indonesia / Taiwan (Formosa)                           |
| 2 ETHYLHEXYLAMINE                                    |                                                                |
| 2 HYDROXYETHYL ACRYLATE                              | China (Dechem / Hickory)                                       |
| 2 HYDROXYETHYL METHACRYLATE                          | Japan / China / Germany                                        |
| 2 HYDROXYL 2 METHYL 1 PHENYL 1 PROPANEONE            |                                                                |
| 2 HYDROXYPROPYL ACRYLATE                             | China (Dechem / Hickory) / BASF                                |
| 2 MERCAPTOETHANOL 99 5 MIN                           |                                                                |
| 2 METHOXY PROPENE 99 MIN                             |                                                                |
| 2 METHOXYETHANOL                                     | China (Dynamic) / India                                        |
| 2 METHYL 1,3 PROPANEDIOL                             | Taiwan(Dairen)                                                 |
| 2 METHYL BUTYRIC ACID                                | China                                                          |
| 2 METHYL IMIDAZOLE                                   |                                                                |
| 2 METHYL TETRA HYDROFURAN (2-MeTHF)                  | China                                                          |
| 2 PENTANONE 99 5 MIN                                 |                                                                |
| 2 phenoxyethanol                                     | India(Indoamines)                                              |
| 2 PHOSPHONOBUTANE 1 2 4 TRICARBOXYLIC ACID (PBTC 50) |                                                                |
| 2 PROPYLHEPTANOL (2PH)                               |                                                                |
| 2 PYRROLIDONE                                        | China / India (Balaji amines)                                  |
| 2-BUTOXYETHANOL                                      | Korea / USA (DOW) / Imported refill                            |
| 3 AMINO 1 PROPANOL                                   |                                                                |
| 3 DIMETHYLAMINO PROPYLAMINE                          |                                                                |
| 3 METHOXY O TOLUIC ACID (MOTA)                       |                                                                |
| 3 NITRO O TOLUIC ACID (3 NOTA)                       |                                                                |
| 4 AMINO BUTYRIC ACID 99 MIN                          |                                                                |
| 4 CHLORO BENZALDEHYDE                                |                                                                |
| 4 DIMETHYLAMINOPYRIDINE                              |                                                                |
| 4 HYDROXYBENZALDEHYDE                                | China                                                          |
| 4 PHENYL BENZOPHENON                                 |                                                                |
| 5 ETHYL 2 METHYL PYRIDINE                            |                                                                |
| 6 BENZYL ADENINE 99 MIN CRYSTALLINE                  |                                                                |
| 8 HYDROXYQUINOLINE                                   |                                                                |
| ACESULFAME POTASSIUM                                 | China                                                          |
| ACETANILIDE                                          |                                                                |
| ACETONE                                              | Imported refill / India (Deepak fertilizer / Deepak phenolics) |
| Acetonitrile                                         | Taiwan (Formosa / Imperial) / China                            |
| ACETOPHENONE                                         | China / Italy / France / Brazil                                |
